My thought was that we could get everyone to approve at the same time (including Paul) during the staff meeting. But if you think I need to meet with him separately, then I can do that.

Paul will have to agree to this first

I've gotten several requests from Regionals for access to RTF reporting. Do we have representative at Paul's staff meeting that could bring this up and ask for approval to allow Regionals to access the Archer dashboard?

Caroline,

Good afternoon, I hope all is well. I wanted to ask if there is reporting that can be sent out monthly regarding Refusal to Fill usage so that we can have visibility to ensure compliance of proper usage in the stores. I do not have a comfort level that this is being submitted as it should be and the reporting helps us to better see how it is being submitted and speak to it in the stores as we see less reporting. Anything you can do to help with getting reporting if it is not already created is greatly appreciated.

Thank you for your time, I hope you have a good weekend!

Beth
